Education

University Of Michigan

Michigan, US | MAY 2022

Masters of Science in
Information Science
(HCI)

Shanghai International Studies University

Shanghai, China | JUN 2019

Bachelor of Art in
Journalism

Skills

Figma/Figma Make

Claude CLi

VS Code/MATLAB

Github/Gitlab

Codex/Cursor

Jira/Miro/Confluence

Adobe Suite/MS Suite

Design System

Workshop facilitation

User testing

MathWorks

Senior UX Designer | MATLAB (5 million users)

Cambridge, UK | Jun 2025 - Current

- Redesigned and prototyped a foundational MATLAB layout UI component (gridContainer), modernizing legacy layout architecture that resolving critical usability issues and improving flexibility.
- Designed a MATLAB code performance analysis tool to surface execution bottlenecks, validating product direction through stakeholder reviews and end-user testing with customer-facing engineers.

UX Designer | Control System Toolbox

Massachusetts, US | May 2023 - May 2025

- Led the design and 0-to-1 launch of an Anomaly Detection App, delivering workflows for DL/ML configuration and operations.
- Defined icon design standards across 4,000+ assets by building a design system, developing an automated Figma validation plugin, and mentoring over 50 designers through office hours.

Technical Support Engineer

Massachusetts, US | Oct 2022 - May 2023

- Supported enterprise clients including Apple and Intel by triaging bug reports, code correctness and usability issues.

ByteDance

Product Design Intern | Game Developer Assets

Beijing, China | JUL 2020- OCT 2020

- Designed an events tracking and verification system that increased configuration efficiency and reduced dirty data.
