Education

University Of Michigan

Michigan, US | MAY 2022

Masters of Science in
Information Science
(HCI)

Shanghai International Studies University

Shanghai, China | JUN 2019

Bachelor of Art in
Journalism

Skills

Figma/Figma Make

Claude CLi

VS Code/MATLAB

Codex/Cursor

Github/Gitlab

Jira/Miro/Confluence

Technical Communication

Design System Thinking

Workshop Facilitation

Designer Mentorship

MathWorks

Senior UX Designer | MATLAB (5 million users)

Cambridge, UK | Jun 2025 - Current

- Redesigned and prototyped a foundational MATLAB layout widget (gridContainer), modernizing the legacy layout logic to resolve critical usability issues and enhance responsive design.
- Drove the design of a MATLAB code performance analysis tool to identify execution bottlenecks, refining product direction through stakeholder review and end-user testing.

UX Designer | Control System Toolbox

Massachusetts, US | May 2023 - May 2025

- Led the design iterations and 0-to-1 launch of an Anomaly Detection App for key customers, delivering DL/ML configuration workflows and data visualization experiences.
- Owned the company-wide icon program, defining scalable standards across 4,300+ icons through a design review pipeline, developing a Figma validation plugin, and hosting weekly office hours to mentor 50+ UX designers.

Technical Support Engineer

Massachusetts, US | Oct 2022 - May 2023

- Investigated and resolved user-reported MATLAB issues by analyzing workflows, debugging problems, and collaborating with engineering teams to improve product experience and overall usability.

ByteDance

Product Design Intern | Game Developer Assets

Beijing, China | JUL 2020- OCT 2020

- Designed an events tracking and verification system that increased configuration efficiency and reduced dirty data.
